

Mixed Coloured Cleaning/Wiping Cloths 10kg Bag - PPS1526

Our range of eco-friendly recycled wipes are manufactured by LMB in the UK and are the best value cleaning cloths for almost every application. All our material is cut and graded in-house ensuring consistently high quality.

They are ideal for garages and workshops where a cost effective solution is required.

Please note, if you are using solvents as part of your cleaning task, these cotton rags are prone to colour bleeding.

- Indicative Wiper Count 180
- Size circa 30-45cm square (these measurements will vary depending on the source garment)
- 95% Absorbency
- 85% Lint Free
