## MSA ALTAIR 5X Multigas Detector

### Save Time, Save Money, Save Lives

Building upon decades of sensor design experience, MSA has revolutionized sensor technology with design breakthroughs that improve performance. With reliable, extended-life XCell Sensors, there's no need to replace sensors after two years. We're proud to offer the most advanced sensor technology available in a six-gas portable instrument the ALTAIR 5X Multigas Detector with XCell Sensor Technology and PID option.

**MSA-exclusive feature**

**Fully compatible** with GALAXY® GX2 Automated Test System

**Variety** of optional MSA infrared sensors

**Robust** integral pump for consistent flow and improved durability

**Advanced** optional VOC detection

**18** language options

**Large buttons** for easy operation

**Advanced MotionAlert** and InstantAlert features

**High-performance** MSA XCell Sensors

**24-hour** bump checkmark

**High-contrast** color or monochrome display

**XCell Sensor end-of-life** indicator

**Durable, rubberized housing** for secure grip
